## JAKOB LORBER BIOGRAPHY

Born at Kanischa (Austria) on July 22, 1800 as the son of a vineyardist who was in his spare time the leader of a popular band, Jacob Lorber grew up in a poor rural environment, but in a family that was deeply religious and dedicated to music. From his father Jacob had inherited a versatile musical talent and he early learned to play the violin, piano and organ. This helped him later to pay for his education, first in Marburg and then in Graz, the Styrian capital, where in 1829 he obtained his diploma as a teacher for intermediate schools. But when he could not find a suitable position, he reverted to his particular love, music. He gave lessons in singing and the violin, practiced for hours every day, composed and sometimes gave concerts, alone or together with others. He was successful, but never to the extent he had hoped. During the years he devoted to music, Lorber followed also his inclination to deepen his spiritual understanding, diligently studying the Bible as well as the works of men who followed the "inward path", among others such mystics as Jacob Boehme and Emmanuel Swedenborg.

In his fortieth year Lorber was offered - and accepted - a conductorship with the theatre in Trieste, a position that would give him the long hoped-for recognition and material security. But it was not to be.

Shortly before his departure for Trieste, on the morning of March 15, 1840, Lorber heard a clear voice in the region of his heart telling him: **"Arise, take your pen and write!"**

J. Lorber obeyed this mysterious call and began to write down what the voice dictated to him. It was the introduction to his first work, "The Household of God": **"Thus spoke the Lord to and within me for everyone, and that is true, faithful and certain: Who wants to talk with Me, let him come to Me and I will lay the answer in his heart. But only the pure of heart, whose heart is full of meekness, shall hear the sound of My voice. And he who prefers Me to all the world and loves Me like a tender bride her bridegroom, with him I shall walk arm in arm. He will always behold Me like a brother his brother and as I beheld him from eternity, be fore he was."** When Lorber realized that this was the beginning of a book and who the author was, he did not hesitate to renounce the offered material security and served the Lord as His "scribe" to the end of his days.

It is important for the reader to understand how inspiration through the Inner Word is received. Lorber did not experience any states of ecstasy, nor was he a medium for automatic writing whose hand is guided by a spirit-entity. Fully awake he heard the voice and promptly wrote down what he heard. An expert describes the process as follows: "The subtle spiritual impulse must first have filtered through the mental sphere of the mediator before he can record in words of human language what he has perceived. This is also the reason why the Word of God, and thus each communication, expresses itself always in the mediator's particular manner of speaking."

At the time of his calling, this simple man never suspected that the task he was given would keep him busy for 24 years. He rarely interrupted his work and wrote almost daily for several hours, obediently recording what the voice in his heart dictated to him, without correcting even a single line, as the manuscripts show. These works, eventually contained in 24 volumes of almost 500 pages each, not to mention a number of shorter writings, present an amazing phenomenon with the comprehensive knowledge they contain, the deep interpretations and detailed facts on the subject of cosmology, astronomy, biology, natural science, psychology and prophecy.

Lorber's greatest and best known work, written during the years 1851 to 1864, is the Great Gospel of John in 10 volumes. It begins with an explanation of the Biblical gospel according to St. John and then gives a detailed account of the three teaching years of Jesus, revealing to a matured humanity many secrets of creation and divine guidance.

## **AUTOBIOGRAPHY OF BERTHA DUDDE.**

At the request of many friends Bertha Dudde wrote the following biography in 1953:

I have been writing messages, received through the inner Word since June 15, 1937. In answer to the many requests of my friends I will give you a picture of my earthly life, a short explanation of what I received spiritually, and my own feelings about all this.

I was born April 1, 1891, the second oldest daughter of an artist of Liegnitz in Schlesien, today's Poland I had a normally peaceful childhood, with six sisters in our parent home. I learned the cares of life at an early age. The desire to make money to help my parents made me learn the trade of a seamstress. As the financial needs of my parents continued, so the burden, and in this way I made myself useful.

My parents belonged to different denominations. Father was a Protestant -Mother a Catholic. We children were brought up in the Catholic faith, but never experienced pressure or force to follow the practices of the church so that each child in later years could pursue their own chosen course.

I myself was religious, but could not accept the doctrine of the Catholic system, although I respected the church. I could not represent something on the outside that my inner conscience had not accepted. So I did not continue to attend church, heard little preaching and had no knowledge of the Bible. I did not read any religious books or scientific literature and did not join any other group or religious sect.

Anyone knowing the Catholic teaching knows what a conscious struggle one finds himself in when he wants to loosen himself from it. I also was not spared from this. But the question as to what is the Truth, and where it is to be found, remained.

**Often when I prayed the Lord's prayer I would beseech the Lord to allow me to find HIS kingdom. This prayer was answered in June 15, 1937, as I prayed quietly and waited on the inner voice. In this attitude I persisted often, for a wonderful peace came over me and thoughts which came to my heart, not my head, gave me comfort and strength.**

Still I did not know that these thoughts were given to me, until in a strange dream I experienced something, which later proved to be the Truth and caused me to write down these thoughts.

So on a certain day as I listened inwardly a stream of words came to me, which I wrote down. This was the first message I wrote which started like this: **"In the beginning was the Word, 'a TE-DEUM' to the Creafor of Heaven and Earth."**

Then came doubt, ...did you write this by yourself? In short, I have wrestled, prayed and gone through many struggles, but again and again the words came to me like a stream, a wisdom, which made me tremble. Then GOD HIMSELF took away my doubts. HE answered me and I acknowledged HIM as our Father, in HIS Word. My faith grew, doubt diminished, and I received and wrote daily.

The contents of the writings were beyond my understanding. Phrases, which I had never heard of, or read about, strange and scientific expressions and references continually came to me. Then came unheard of expressions of the Heavenly Father's Love giving refuge and providing enlightenment to all the questions of life.

The "Words" came to me in the following manner: After sincere prayer and a short period of composure I listened inwardly. Thoughts then followed coming to my mind, clearly, distinctly, and the words flowed smoothly always three or four, one after another, like writing a radio announcement or a weather report, slowly so that I could easily keep pace, writing line after line.

Now, I write the words in shorthand as a dictation without having any constructive or intellectual part in it. I am in no way in a 'trance', nor do I even form the sentences, but it comes to me one word at a time, neither do I understand the context while I am writing the words down.

After days, sometimes weeks, I transcribe the shorthand writings into longhand without changing or correcting a syllable. Each dictation takes about half an hour. I must stress that this could not happen forcibly or in a state of ecstasy. It all takes place simply and consciously, without any excitement or influence of my own will. I can interrupt

myself at any time and finish the sentence after hours or days without reading the previous writing the dictated words continue again.

My will is under no compulsion, all that I desire is to serve GOD and do what HIS Will wants me to do.

I can truthfully say that I was led into this Truth, and these concepts were, in all respect foreign to me. It was only after years that I found confirmation of what I received, when I came to know the writings of Jacob Lorber. No one can imagine my joy when I discovered the literature of Jacob Lorber; "The Great Gospel of John" and the "Youth of CHRIST" Then I understood that other people were given the Word of the Lord, that GOD had spoken to HIS children at all times and that GOD will continue to do this in HIS endless Love and Mercy.

I found in Lorber's writings the same as was given to me. I often could not understand the word that came to me, but in HIS Love the Heavenly Father gave me the explanation. How wonderful are the innumerable manifestations in which the Father displays HIS exceeding great goodness.

It became clear to me that my short education, due to lack of money and my lack of time to read good books or visit performances, became my advantage. I could now concentrate on my work from early morning to late at night, and each day I received that precious spiritual Word without knowing for whom I received it.

It is because of my ignorance of the Bible and the Catholic doctrine that I accepted the Word from Above without resistance. In my experience an earnest Catholic or Protestant whose knowledge is rooted in dogmatic theories is too much bound to their dogma to accept and embrace Divine revelations without resistance.

Still there are scientists at several faculties who earnestly discuss these Divine teachings with increasing interest. Their interest does not only concern the irrefutable explanation of the origin of matter and the possibility of its dissolution, but also the principle of the wrong teachings of different religions, systems and confessions. In the messages I received these errors are recorded and everyone is urged to give instructions concerning these doctrinal errors whenever there is an opportunity.

But everyone is free to take the LORD's Word to heart or not. But whoever understands the spirit in the Father's Word and does not act accordingly makes the distance between himself and the Father even greater. When he does not follow the warning words of Love he puts himself inevitably under the law. He will also in the same measure lack in Grace, disregarding GOD's commandment of Love.

In GOD's Grace people are led anew to the gospel, which emphatically points out the purpose of man's being. For the merciful Love of GOD seeks to save all who still can be saved before the turning point comes. And it will come. The end-time of which seers and prophets have proclaimed is now here. According to the revelations given to me, the LORD does not differentiate between HIS children. "Come ye all to ME" sounds HIS call and blessed is he who hears HIS call and follows HIM. GOD Loves HIS children. HE wants to make them all happy, even when they do not want to know HIM.

Recorded Nov. 22, 1953

BERTHA DUDDE.

## The Introduction

In His longest and the most important prophetic monologue, about which we find reports in the Gospels of Matthew 24, Mark 13 and Luke 21, Jesus Christ, Who was announced by Moses as the greatest of all Prophets with a serious warning that every soul which would not pay utmost attention to His Words would be answerable to God (*Deuteronomy 18:18, 19*), which is the warning that was 'verified' by the Apostle Peter (*Acts 3:23*), who also added, 'that such a negligent, unbelieving and rebellious soul will be DESTROYED FROM AMONGST THE PEOPLE!', gave the following prophecy:

**'And AS IT WAS in the days of Noe, SO SHALL IT BE also in the days of the Son of man. They did eat, they drank, they married wives, they were given in marriage, until the day that Noe entered into the ark, and the flood came, and DESTROYED THEM ALL. LIKEWISE ALSO AS IT WAS in the days of Lot; they did eat, they drank, they bought, they sold, they planted, they builded; But the same day that Lot went out of Sodom it rained fire and brimstone from heaven, and DESTROYED THEM ALL. EVEN THUS SHALL IT BE in the day when the Son of man is revealed.'** Luke 17:26-30

Now, to acquire an insight as to how it was 'in the time of Noah' and 'in the time of Lot' when the Lord God 'visited' unruly sons of the men, it is recommended to check what the Old Testament informs us about that, therefore, in the time of Noah it was like this:

**'And ALL flesh died that moved upon the earth, both of fowl, and of cattle, and of beast, and of EVERY creeping thing that creepeth upon the earth, and EVERY man: ALL in whose nostrils was the breath of life, of ALL that was in the dry land, died, And EVERY living substance was destroyed which was upon the face of the ground, both man, and cattle, and the creeping things, and the fowl of the heaven; and they were destroyed from the earth.'** Genesis 7:21-23

In the time of Lot was again thus:

**'The sun was risen upon the earth when Lot entered into Zoar. Then the LORD rained upon Sodom and upon Gomorrah brimstone and fire from the LORD out of heaven; And he DESTROYED those cities, and ALL the plain, and ALL the inhabitants of the cities, and that which grew upon the ground.'**

Genesis 19:23-25

I agree that this is a 'hard' saying, and it doesn't appeal to every ear, but, it is the Greatest of all Prophets Who refers to this, and His prophecies, history proved that, are fulfilling themselves 100% up to the comma, as for example that one in Luke 21:5-7, 20 about the destruction of Jerusalem...

**'And as some spake of the temple, how it was adorned with goodly stones and gifts, he said, As for these things which ye behold, the days will come, in the which there shall not be left one stone upon another, that shall not be thrown down. And they asked him, saying, Master, but when shall these things be? and what sign will there be when these things shall come to pass?'... 'And when ye shall see Jerusalem compassed with armies, then know that the desolation thereof is nigh.'**

... which is the prophecy from the same monologue as these about 'Noah' and 'Lot' which are under our consideration, and it fulfilled itself up-to-the-letter exactly as Jesus announced, namely 'not even one stone was left unturned' from the Solomon's Temple after Jerusalem was firstly surrounded, then conquered, then completely devastated and destroyed by Titus in 70 A.D.!

As for me personally, while reading all of this and while 'connecting the dots' in my mind, I am thinking for myself: If that first part of the prophetic announcement of our Lord Jesus was fulfilled up-to-the-letter, it must be that also the other part of it, about 'the time of Noah' and 'the time of Lot', and the Scriptures are plainly teaching us how the Judgment then brought a complete destruction of all life in those affected areas of the Earth, also would be fulfilled!

I know that many people don't think about this in this way, but the Scriptures are unquestionably pointing that we are to experience again EXACTLY this kind of TOTAL DESTRUCTION of all life now at the time of announced Second Coming of our Lord to Judgment.

Let us look first what the Spirit of the Lord prophesied through Zephaniah in the Old Testament:

**'I will UTTERLY consume ALL THINGS from the face of the Earth, saith the LORD. I will CONSUME man and beast; I will consume the fowls of the heaven, and the fishes of the sea, and the stumblingblocks with the wicked; and I will cut off man from the face of the Earth, saith the LORD.'** Zephaniah 1:2, 3

*(Let me remind you, these are the Words which are to be found in the Prophetic Books about which Jesus said in the Gospel of Matthew 5:18: 'For verily I say unto you, till heaven and earth pass, one jot or one tittle shall in no wise pass from the law, **TILL ALL BE FULFILLED.**': these are the same Prophetic Books which were literally or 100% fulfilled in EVERYTHING what concerns Jesus' life and that not only in relation to those great things like the virgin birth, or Him being born in Bethlehem, but also in relation to those 'unimportant' things like casting lots for His garments, smiting His cheeks and whipping, His crucifixion between the two criminals, His burial in the grave of the one rich man, exact sum of money for which Judas betrayed Him... etc. etc.)*

And afterwards, in even more unequivocal manner in the New Testament through the Apostle Peter (2 Peter 3:6-12):

**'By these waters ALSO (!!!) the world of that time was deluged and destroyed. But the heavens and the earth, which are now, BY THE SAME WORD are kept in store, reserved unto fire against the day of judgment and perdition of ungodly men... But the day of the Lord will come as a thief in the night; in the which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up. Seeing then that ALL THESE THINGS SHALL BE DISOLVED, what manner of persons ought ye to be in all holy conversation and godliness, Looking for and hasting unto the coming of the day of God, wherein the heavens being on fire shall be dissolved, and the elements shall melt with fervent heat?'**

The purpose of this Booklet is to introduce you into, and to prepare you for these forthcoming events.

## *What truly happened during the time of Noah and of Lot?!*

The natural mind, because of absence of profound understanding of the Divine laws, confused also by the manner of writing by which Divine Mind expressed Itself in the letter of the Holy Scriptures, usually has the problem to connect these catastrophic for the people and other living beings historical happenings with the Good God, and so either refuses to accept them, or starts to feel repugnance towards such a cruel God Who mercilessly destroys His creation and all the creatures therein.

Therefore, to enable a proper comprehension of the things about which the Bible informs us and to understand in all clarity what truly happened then and who actually was the cause of the doom in the 'time of Noah' and in the 'time of Lot', and for the purpose of proper conception of the just judgments of God, of which one is ahead of us, I am extracting here from the Revelation of Jesus Christ as received by His 'scribe' Jakob Lorber an explanation which was given in relation to these happenings by the Lord Himself:

### **The origin of the Death Sea**

While we were strengthening our body, the innkeeper asked Me again if I could not tell him more about the special nature of the Death Sea, and if it is true that on that place in ancient times several cities existed that by a special decree sunk deeply into the ground, forming the Death Sea on that place.

[2] **I** said: “You chose a good subject. This rather big sea received from that time on the name ‘Dead Sea’, because 2 big cities, Sodom and Gomorrah, and 7 other smaller cities are buried in its ground with all their inhabitants and animals.

[3] The Jordan had a very different course and flowed into the real sea, actually in the bosom of the sea near Arabia, which is also called ‘Red Sea’. But at the time of Abraham and Lot the catastrophe took place by the will of the one, only true and almighty God, and the region of the streams of the Jordan itself collapsed and went lower than before. And so the river of the Jordan does not flow into the bosom of the Arabian Sea anymore but in the Dead Sea.

[4] If you or someone else would go with a suitable boat along the shore of that sea at a time when the sea does not emit vapors, you still would see a few remnants of the small cities under the surface of the water, but, as said, one should only go with a boat to the shores of that sea when no vapors above the surface of the water can be seen.”

[5] **The innkeeper** said: “So it is true what the prophet Moses says in his books about the existence of that sea. Several travelers who traveled to different places over that sea related to me that they saw certain walls when they looked down from the high, steep shores that surround the sea. But I myself was never concerned about the environment of the Dead Sea. Because what can you do there? As far as your eye can see, you can only see high rocks that go down steeply towards the sea and are as dead – meaning without any vegetation – as the sea itself in which you can find no fish, not even where the Jordan flows into it.

[6] They say that there are only few places where with great difficulty you can come below the surface of the water that continuously emits strong vapors of sulfur, and so I never liked very much to observe more closely the nature of the Dead Sea. I am not a hunter and I also would not know why I as an old man would expose myself to danger by climbing on the steep, rocky shores of that Dead Sea and which are quite high now and then. The flat shores, where one can come more easily closer to the sea are a few days of traveling away from here and belong already to the rocky Arabia. So I prefer to very peacefully believe what You say, for I am no friend of death, and therefore also not of the Death Sea. I had the

opportunity to go with a boat on the real, big sea and to know what it is like, and this gave me already trouble enough. So that Dead Sea will not see me.

[7] What was actually the cause by which the only, true, great God let those cities sink down in the depth of the Earth?"

[8] I said: "Nothing else but disobedience against the only, true, great God who often seriously warned that people to give up their big sins and to leave their sinful place where they lived because it was completely located on a layer of sulfur that lay deep into the ground, and the deity knew very well when it would ignite.

[9] But the people remained in their big sins, harlotry and orgies of all kinds and did not pay attention to the divine warning, except Lot and his little family. And see, in the whole wide environment of the Death Sea it resulted in tremendous outbursts – as you saw near Italy and Sicily – and the whole sky was full of fire, so much so that a dense rain of burning lumps of sulfur and pitch fell down on all the cities.

[10] That fire lasted more than 14 days. Through that, a hollow space was formed under the thin earth's crust of that piece of land, and the land fell down into the burning depth with everything that was on it, and it was filled only gradually with the water of the Jordan and a few smaller brooks. If this would not have happened, also the whole Jordan Valley would have been internally ignited and would have crashed down, for also that whole valley lies on sulfur and pitch. And so I briefly revealed to you now in a natural manner everything you read in Moses in a more detailed manner.

## The origin of the Caspian Sea

If you go further than the Jordan Valley to the north and even over the mountains of Asia Minor you will reach a very big lake, which you Romans call 'Mare Caspium'. That very big lake originated during the time of Noah in the same manner as the Dead Sea – or if you can understand this better: during the time of Deucalion , with the only difference that there are actually only 9 cities buried in the Death Sea, but about 500 in the Mare Caspium, including the very big city of Hanoch which existed then.

[2] Look, My dear friend, you will say: 'Why actually did that God allow that almost the whole of the Earth's population was exterminated?'

[3] But then I say: God let men – and especially the Hanochites of that time – be taught and warned by awakened prophets and even by angels from the Heavens for almost 500 years, that they should refrain from doing certain things, especially that they should leave the mountains of the Earth alone, but their hard stubbornness and their very high pride did not heed the warnings.

[4] The Hanochites invented a kind of explosive granules, made deep holes in the mountains, filled them with those explosive granules and ignited them by means of long fuses. The explosive granules exploded and tore the mountains apart. But the Hanochites did not know that there are often very big and deep water basins under the mountains. Soon the destroyed mountains, which had no more support, crashed down into the big and deep basins, and by that, huge water masses were pushed to the earth's surface. Furthermore, during that fire activity, also the layers of sulfur, coal and pitch that were present in the mountains provoked enormous eruptions of fire by which the ground sank down with everything on it, and a sea was formed on that place.

[5] It is easy to understand that on this occasion huge masses of water had to come out from the inside of the Earth, and together with the water also a big mass of vapor and clouds that ascended to a certain height and fell down in cloudbursts as rain, and this for more than 12 months. This was highly necessary, for otherwise in the course of a few years the whole earth's surface would have been put on fire, for at a depth of about 2,000 klafter , and often much less, combustible material like sulfur, earth's pitch or coal, and at some places very big basins of naphtha are more than sufficient for that.

[6] You will therefore realize, My dear friend, that at that time one of the greatest floods of the Earth, that means the greatest part of Asia, was highly necessary, for otherwise the greatest part of the Earth would now be a desert, as this is now the case from the Mare Caspium unto almost the eastern end of Asia in a region long of about 2,000 hours of walking and a width of average about 500 hours of walking.

[7] But God the Lord took care that the Earth would not be destroyed so that men would not lose their school where they are trained for eternal life, because the one who does not attend the school of life on this Earth in the flesh will not be able to become a child of God but will eternally remain on the level of creation of the animals.

[8] It is for this reason obvious that the preservation of this Earth as a school to become a child of God is extremely necessary. You do not completely understand this yet but tomorrow we will come back to the subject, and then you will understand it."

[9] **The innkeeper** said: "My dear, friendly, wonderful Master, something happens to me now, like someone who goes out early in the morning and for who the first rays of the morning twilight illuminate his way. We, among Romans, have

an ancient proverb which sounds like this: ‘Non existit vir magnus sine afflatu divino’ , but You seem to be most of all inspired by the deity, which means as much as to say: in You lives physically the whole fullness of the true deity.”

[10] I said: “It was not your flesh that gave you this, but your spirit. But today we will not further talk about this subject, for those Pharisees are one by one starting to prick up their ears because they hear us talking. Talk now again about something more casual.”

(As received from Jesus Christ, via Inner Word, by His servant, the prophet Jakob Lorber,  
and written in his ‘The Great Gospel of John – 10:235, 236’)

Now when we comprehended this more properly, and it is indeed not a small thing to comprehend PROPERLY the Biblical images and acquire a RIGHT idea about Love and care and workings of our loving heavenly Father (John 16:13, 25), let us proceed and read the revelations about forthcoming total destruction of all life in, on and above the Earth which will, same as earlier in the history as depicted in above described happenings, but this time over the surface of the whole Earth and in all-encompassing extent, enhance with their low spiritual state, and initiate with their works, nobody else but under the spell of Satan and in their soul rebellious towards the Lord God, i.e. Jesus Christ, people.

## *Overly speedy rotations of the Earth...*

B.D. 4348  
23.6.1948

### **Earth rotations.... Earthly tremors....**

For a considerable period of time already the earth has been rotating around its own axis with extraordinary speed. Admittedly, the constant rotations are by no means noticeable to the human being, but only because he is on earth and they can only be observed from outside the earth. Nevertheless, changes in the cosmos are perceptible which are caused by this phenomenon. It is like a regular trembling which can be felt more or less faintly when the body is in a resting position and susceptible to the slightest movement. This phenomenon will lead to the total dissolution of Earth after an incredibly long period of time but will be hastened through human intervention on account of which the conclusion of this epoch can be traced back to human influence, even though it has been included from the start in the divine plan. The earth would actually have an inconceivably long lifespan, i.e. its existence would be guaranteed for an infinitely long time, yet God's will allows itself to be determined by human will, God allows people to accomplish what will cause them even the greatest harm. In His plan of eternity all changes in the cosmos are established according to His wisdom and love. But the scientifically educated human race does not want to know anything about a change with inconceivable consequences, and yet it constantly takes place.

This change.... an excessively fast rotation of Earth.... will also trigger the natural disaster which has been proclaimed by seers and prophets since the beginning of the period of Salvation and which is now revealed again through the spirit of God. This process is humanly not easily explainable, however, simply said, the rotations will increase and stop for seconds, which will manifest itself as earthly tremors of such tremendous effect that people will believe that the end of the earth has come. No equivalent to it can be found on earth, for it is an expression of power which comes from the universe and is unknown to earthly science. The consistency of the stars activates such forces, and the interior of the earth will be affected by them and to a certain extent therefore be moved beyond the law, which always manifests itself in a destructive manner, yet is sporadically allowed by God for the purpose of dissolving even the hardest matter in order to release the constrained spiritual substances within. And this act is approaching soon but will only be the spectacle of a few seconds, yet with preceding signs which by themselves can already be called catastrophic because they generate indescribable panic amongst people and therefore will have to be considered as being within the timeframe of the catastrophe. Nevertheless, everything is eternally predetermined and God's plan will come to pass, as it is written.... Amen

**Supplement and explanation regarding no. 4348....**

Explain the process to yourselves like this: The faster the earth moves, the shorter the period of time it takes for one rotation, and the stronger becomes the atmospheric pressure that is caused by its movement. Normally this atmospheric pressure should be felt on the earth's surface, but this is not the case. Hence this is already a scientifically unexplainable deviation from the natural laws, therefore it follows that the natural laws applicable to earth lose their validity outside of it.

Nevertheless, this fast rotation affects the earth's surface insofar as a crust is being formed which is a suitable growth medium for vegetation, therefore a continuous habitation of the earth's surface is only possible due to its perpetual rotation, due to the generation of a force which affects the ground, that is, which does not spread outward and dissipates but works from the outside towards the interior of the earth. This force is life-giving but cannot be explained by human intellect, precisely because it arises and is effective beyond the law. Were the earth to stop its velocity all life on it would solidify, on the other hand, however, an increased velocity would encourage abnormal growth but also penetrate and affect the interior of the earth and bring about eruptions which would endanger the earth's core and jeopardise its continuation. Such increased velocity is currently happening and its effects will also soon become apparent. If the final result is to be avoided the excessive energy has to find a sphere of activity.... it has to have an explosive effect in places, which consequently takes the form of a natural disaster. This will slightly reduce the speed of the rotations, the newly generated energy will find new soil which it can animate with plants and animals and the continued existence of earth will be guaranteed for a brief period of time again, until human determination once again triggers forces which have not been completely ascertained as yet and which have an all-destructive effect, because they can effectively be described as adverse forces, i.e., they work from within towards the outside and the opposing actions of both forces signifies total destruction, which can certainly be explained to but not understood by people.... Spiritually advanced scientists will easily be able to understand this process, for they no longer look at the activity of natural forces beyond the law with so much disbelief, because they know that the sphere beyond earth is an area which cannot be fathomed with earthly reasoning power, because they are subject to other natural laws than those applicable to earth.

Every celestial body is a world unto itself, and in every celestial body the will of God's love has expressed itself differently, because His countless thoughts are implemented by His might and strength and every thought testifies to most profound wisdom. According to human opinion such manifold diversity of God's creations cannot exist, since the power of imagination is limited, but God's thinking is not limited and no obstacles exist for His creativity. The fact that the human being, the inhabitant of one of God's countless creations, would be able to completely ascertain God's reign and activity is entirely out of the question, for he instantly rejects what appears to be impossible but what is always possible for God. Thus, the timing of the movements of earth, its path and its composition can certainly be calculated and explored, yet only ever as far as the earth's applicable natural laws which are known to people form the basis of it. Anything over and above this is beyond his knowledge and intellect. But an 'over and above' does exist, or earthly science would be able to accurately determine when and in which form as well as for what reason the final destruction of earth will happen. It is incapable of establishing this, however, it is not proof that the destruction of earth will not take place. Here faith is placed in opposition to science.... anyone who values science more negates what faith affirms.... God proclaims the end of this earthly period; He proclaims a total change of the earth's surface along with the disappearance of all life on, in and above the earth.... This process is completely unknown to science.... hence it is an indication that a supernatural activity caused by God will happen; although not beyond natural law from His point of view yet for people who do not know all natural laws, all forces to the point that they can indicate and calculate such an event, but that investigations also have to be conducted on the basis of faith if they are to produce truthful results. Only then will the researcher also receive access to the area which otherwise remains closed to people, then he will be assisted and enlightened by spiritual co-workers, then he will also be able to have an insight into God's plan of Salvation, and much will be comprehensible and acceptable to him which his intellect would otherwise have discarded.... Amen

### **Eruptions.... Work of Creation.... Researchers....**

Hence it is impossible to avert an event which was predetermined from the start and once again only for the purpose of returning countless fallen souls. The innermost structure of the Earth is constantly influenced by the activity of spiritual forces, and so an eruption will occur when it is permitted by the divine Creator, and this permission, in turn, depends on people's own will.... If humanity's state of soul is in grave danger due its own fault, a disaster is intended precisely in order to save it; hence people's will is ultimately the cause of the total destruction or of rescuing the soul from profound adversity. However, that which God decided in His profound wisdom from the very start has been concealed from the world but was proclaimed to those who live in Him and according to His order, as the Lord has always chosen those who, time and again, were supposed to proclaim His will to people. Nevertheless, this knowledge cannot be verified and is therefore rarely accepted as truth. But now worldly researchers also insist on entering a region which is inaccessible to them. They believe themselves capable of ascertaining the divine Creator's plan, i.e., by way of all sorts of calculations they try to determine the effects of natural laws; they even insist that they can numerically determine the date of the alleged end of the world and thereby effectively intend to subject the divine will to their calculations.... The human being is so small compared to the work of Creation and yet deems himself to know so much about things which are completely out of his reach as long as he does not try to attain them by spiritual means..... He fails to recognise the only right path but, on the other hand, is very quickly willing to believe what is scientifically presented to him. The greatest intellect truly does not suffice to ascertain the truth, yet the profound faith of an uneducated person can penetrate the mysteries of Creation and reveal irrefutable knowledge. Therefore, you should always pay attention to what worldly researchers present to people as far as these investigations touch upon God's work of Creation, for this region is inaccessible to them as long as they don't endeavour to gain an insight by spiritual means.... For God Himself offers the eternal truth to His children on earth now and at all times.... Amen

### **Spiritual explanation for the eruptions.... Service in the light....**

In order to make the spiritual substance feel its banishment, it must become aware of both its own state of restraint as well as the freedom of will. It must experience the first as pain and regard the other as worth striving for, then it will always participate to release itself from the first state in order to attain freedom of will. So the beings of light must transmit the latter to works of creation whose spiritual substance still lingers in darkness. These must find the ray of light agreeable and constantly desire more. Hence, it must want to ascend to where there is an abundance of light. However, every emanation of light is the result of helpful activity, that is, in some form or other the activity of being of service must come first before emanations of light can happen on a regular basis. Although every external form is exposed to the emanation of light, yet the entirely hardened spirit turns away from it and takes an infinitely long time before it opens itself to the light, i.e., until it allows itself to be affected by it. But then the desire for it will burst through with elementary power. Then everything that previously was down below will push towards the surface and strive for light, and the spiritual substance desiring it will be released from its long captivity through eruptions and will continue its process of development in a different external form. And such a powerful eruption is approaching the Earth, whose bound spiritual beings long for liberation, for light and helpful activity. And the spiritual substance languishing down below in darkness especially strives upwards when the spiritual beings on earth fail to make use of the abundance of light it receives and effectively ignores it. Then the immature spiritual substances will seek to acquire this abundance of light and strive for it with elementary power, which manifests itself through natural disasters and creates fundamental changes with regards to spiritual currents. For then the spiritual substance, having reached the earth's surface, will detect every spiritual current to a large extent and will therefore withdraw spiritual strength from already higher developed beings which disregard this strength and make no use of it, which often signifies these beings' physical death on earth.... The immature spiritual substance avails itself of spiritual strength by considerably changing its external form, that is, by having provided access for the light. From then on this spiritual substance can continue its process of development on earth, thus freely strive towards the light, it only must use the strength at its disposal through helpful activity. However, once the longing for light has awakened in the spiritual substance, it will no longer resist being of service in some way or other, for it experiences this activity as a means of receiving more light and at the same time feels the loosening chain of its external form, and although the process of development now corresponds to the law of compulsion the being is nevertheless willing to take it, its own will, albeit inhibited, concurs with divine will.... Amen

### **Eruptions.... Activity of unbound spirits....**

As soon as the earth's core begins to move, an enormous roar will fill the air, for the earth's surroundings sense the outbreak of the spiritual substances in the earth's interior and is hugely affected by it. As a result of its sudden freedom, the substance, which hitherto was banished into the hardest of forms, becomes extraordinarily active and influences the already more mature spirits such that the most remarkable changes in nature ensue, since the released spiritual substance, still being at the beginning of its development, tries to shape its process of development according to its own discretion. It would like to embody itself in creations which require a higher degree of maturity. But the spiritual substances in the form object to this, and thus a battle is also fought between the already more mature spirits and the still immature ones and this results in a turbulent eruption which can be heard in the world. This will be the start of that which shall horrify the whole world.... The spiritual substance inside of earth desires light and pushes towards the surface, and the sudden change from the region of the totally unredeemed into the realm of spirits which are already nearing redemption is well suited to cause the most incredible events in nature which people cannot explain in an earthly way, nevertheless they all have their reasons.... The influx of spiritual beings, having decided and thus agreed to become helpfully active, fills the space around the earth - where the eruptions took place - with this urge to be active, which cannot flourish as yet, and incites the still unbound spirits in the atmosphere into exceptional activity, so that such natural catastrophes are accompanied by inconceivable storms and outbreaks of natural forces, the intensity and effect of which are inconceivable to the human being. As a result he will also be entirely deprived of his thinking ability, he will be so hard pressed by the spiritual substances that he will lose all rational judgment of the event and in this weak and passive state he puts up with everything.

Once the spiritual substance can manifest itself in some form or other and has allowed its urge of doing something to break through, the eruptions on earth will subside. That which wants to be helpful separates itself from that which remains in opposition to God, rises to the earth's surface, and joins a working spiritual being so that the latter's activity will be carried out with greater strength than before. All these beings are as yet still unbound and they therefore rage in quite a disastrous way. They are stronger than the already bound spirits in the plant and animal world, these spirits cannot offer sufficient resistance and are unable to defend themselves, so that their external form is destroyed by the unbound spirits, and thus many creations are being dissolved by these very natural forces. And this happens with divine approval, for when the time has come which God has set for the termination of such catastrophes, He will place this liberated spiritual substance in external forms again and assign them their work.... Thus all kinds of entirely new creations will arise again.... that which lives will cease to exist and new life will arise ordained by God.... This is why such natural disasters will not last long. The more unrestrained the released forces rage, the sooner will they be banished again; otherwise it would result in total destruction which, however, is not in accordance with divine will. Only a change of what is in existence, that is, what is intended by God, is allowed, but not the destruction of what exists. Nevertheless, the changes are so enormous that the human being is faced by a divine expression of God which must shake him to the core, if he is not purely worldly minded and merely regards the process in a materialistic sense. If the voice of God does not speak to him during such events, then even the most powerful natural phenomena will fail in their purpose for his soul, and then the spirit in him will still be very far behind, with hardly any other possibility for the spiritual advancement of people who do not realise God's magnitude and omnipotence in such natural catastrophes.... Amen

**Eruptions are an act of liberation for the spiritual substances bound in the solid form....**

Endless times have passed by already and endless times will still pass by until the spiritualisation of that which is the fundamental substance of Creation will be completed. This process is so inconceivably laborious and requires such an infinitely long time because the initial resistance of the spiritual substance cannot be forcibly broken, but it has to decide to surrender it voluntarily, and therefore it cannot be interfered with to speed up the process. Only the exertion of exceptionally hard pressure can weaken the spiritual substance's will of resistance, hence the consistency of the visible creations appear to be almost indestructible in their initial stages and their disintegration is only possible again through violent events. Such violent disintegrations only take place through God's will when the spiritual substance has become so compliant that it no longer requires the insufferable state of constraint. Then God will loosen its restraints, and the previously hard form will disintegrate and reshape itself into new external forms, but they no longer signify such a painful state for the spiritual substance. Every violent breakdown of a formerly solid form is an act of liberation for the bound spirit within, at the same time, however, creations which shelter more mature spiritual substances will also become subject to change. For the forcible disintegration of a hard substance is a process which is felt by all spiritual beings far and wide. It is not a gradual decay but an elemental eruption of the spiritual substance which is momentarily granted freedom by God and which it uses in order to burst that which keeps it bound. Such eruptions entail momentous changes for **those** creations which are affected by the destruction.

All spiritual substances, including those already further developed, dispose of their old form in this way, unite with other released spiritual substances and take abode again in a new external form, depending whether these spirits are willing to fit in with a serving task. And thus through such violent disintegration the spiritual substance is induced to carry out a serving activity again, which signifies a relaxation from its previous constraint for the spiritual substance. This is why every forceful breakdown involves liberation, i.e. further development for the spiritual substance bound in the form, and is joyfully welcomed by it. It is only a sorrowful event for the spirit during the last stage of development, for it deprives this spirit of any further prospect of development on earth and therefore triggers dread and horror if it didn't make use of its last abode in the form while it had the opportunity. Yet such eruptions are necessary for the sake of the immature spiritual substance which cannot be released from its solid form by any other means. For as soon as it decides to be of service after an infinitely long time of resistance to God, it will also be granted the opportunity to do so by God.... Amen

### **Inner Earth activity.... Eruptions....**

Over the course of time changes occurred on earth, both in the interior as well as on the surface of earth. These are the result of the uninterrupted rotations around its own axis which caused shifts, and the elevations and depressions they created are still changing even now, that is, they are still shifting locally. Thus the Earth does not retain its external shape but has already gone through the most diverse alterations, even though its structure has remained the same. In contrast, the Earth's interior is constantly active and also triggers changes on the surface of the earth from within. This can be noticed in the vegetation which, throughout millennia, has also changed and will never remain the same, even though these changes do not happen over a short period of time and therefore cannot be observed by people during their life on earth. These changes generally occur so slowly and are barely noticeable to the eye, and therefore require a very long time. However, every now and then unbridled activity erupts in the interior of the Earth and sudden transformations manifest themselves which cause immense destructions on the Earth's surface and signify fear and horror for people. In that case the hitherto solid form dissolves and, incapable of withstanding the elements' violent activity inside the Earth, is pushed with enormous force from the inside of the Earth to the surface where it spreads out and, in a completely new environment, tries to adapt itself to the existing mass of earth or to creations in nature.... Such elementary eruptions also understandably result in a complete transformation on the Earth's surface.... They destroy the existing environment, revoke people's established order and result in inconceivable chaos which causes severe confusion and anguish in people because they are unable to cope with such eruptions and are thereby thrown into entirely different living conditions. However, a transformation of the Earth's surface has become necessary, although it can only be spiritually explained, since, from an earthly point of view, there is no recognisable progress in such a transformation, only a destruction and annihilation of what exists. But spiritually it is hugely significant.

The spiritual substance from within the Earth pushes upwards; it wants to start its process of development in the form. And it will need to live through countless phases until the spiritual substance can reach the final stage of its embodiment on earth. Having been bound in the hardest form for an unimaginably long time, the still undeveloped spiritual substance is given a certain amount of freedom so that it can release itself from this solid form, which it subsequently does with elementary force. People experience this manifestation of strength as a natural disaster which is, depending on its extent, more or less devastating for them. Although all spiritual substances will be constrained again, at first they will nevertheless inundate the plant and animal world and, to an even greater degree, people, by disturbing their tranquillity and posing a grave danger to them. It takes a very long time before such a change on the Earth's surface takes place, because it cannot happen arbitrarily, but only with God's permission, which He gives when the higher development of the spiritual beings grinds to a halt.... That is, when the being is in possession of free will and free will is no longer made use of. Then a balance must come about, and this happens when the still immature spiritual substance pushes the already further advanced spiritual substance into further phases of development, so that the latter will soon attain possession of free will. For this reason the Earth will always have to expect such changes from time to time and in different places, which have their natural origin in the constant activity of the elements in the interior of the Earth. Hence, the enlightened person understands natural disasters, for he not only realises the earthly, but also the spiritual necessity for this very same occurrence, and will always look upon them as God's reign. He is aware of the necessity for higher development of the spiritual substances as well as of the beings' low spiritual state, which animate the earth in the final external form, and of the opportunity for their deliverance.... Yet such natural events, which result in immense destruction, are incomprehensible to unenlightened people and neither do they recognise the spiritual nor the earthly value. Consequently, they will be horror-struck when the Earth's interior begins to move and they find themselves utterly helpless and at the mercy of the raging of the elements. Nevertheless, that which was decided from the very beginning will come to pass without fail as soon as the Creator of Heaven and Earth deems the time to be right.... Amen

### **Eruptions.... Natural forces.... Divine Order....**

An event is in the making which was planned from the very beginning, which is based on God's will and will be caused by human will, but without the knowledge of the consequences of what people have devised. The point in time is coming ever closer when forces, which were set free through human will, will unite and, in unison, accomplish something with God's permission, Who carefully weighs up cause and effect and will support the spiritually immature forces when they come under pressure by human actions. Nothing in the universe happens without God's will or permission. As soon as the higher development of the spirits in the works of creation is prevented, God will give these spirits the right and the strength to defend themselves, and this will happen in a way that inconceivably powerful forces will begin to develop and rage by destroying the most solid matter and create chaos in order to avenge themselves for their interrupted process of development. What will take place inside the Earth as a result of destructions and annihilations through human will, shall very shortly become evident, for the eruptions which are inexorably in the making will break out with such force that people cannot possibly imagine it as yet. Any violation of the divine order is to the detriment of the human race and the earthly creations, because the purpose of God's law is the preservation or orderly development of what He has created. If this law is counteracted, it will result in a dissolution or termination of that which was created, yet to the horror of those who do not respect the divine law.... to those humans who, being distant from God, no longer value anything that had emerged from the divine order. And people have reached such a low degree of maturity that they abandon themselves to the powers of darkness and comply with whatever these demand of them. They destroy creations in their blind hatred against their neighbour, and even the still banished spiritual substance is outraged, because it does not consider the unlawful liberation from its form a relief and so rages and runs riot in its freedom. Human will penetrates deep into the realm of the spiritual substance which is still at the beginning of its development, and this will take revenge. It is an act of huge spiritual turmoil which only seldom is permitted by God to the extent it will manifest itself. The activity of these forces will only last for a short time, yet it will cause inconceivable damage. God will banish the spiritual substance again which had liberated itself and thus prevent it from further raging and running wild. Nevertheless, He will grant it its freedom for as long as it is necessary to motivate the survivors to change their way of thinking. For it is the purpose of God's permitted work of destruction that they will recognise the sin of their violation against the divine order and try to improve themselves.... For everything that will happen is merely a means to regain the spiritual beings which strive away from Him, it is an admonition and indicator to God's omnipotence and, although not recognised, a confirmation of divine love, which wants to help those people who have gone astray in the deepest depths of vice and wickedness.... Amen

### Unleashing spiritual forces.... Eruptions.... Period of redemption....

Unimaginable forces are at work to establish the old order which, at the end of a period of salvation, will be so impaired that the spirits' higher development will be totally out of the question. A condition in which everything that is bound in matter will strive upwards again must be created, and this condition will necessitate a total transformation of that which hitherto sheltered the spirits.... The old creations must be dissolved and replaced by new ones which will be used again in divine order, according to divine will, and thus also fulfil their task of helping the spirits to mature. Many forces are already at work to initiate the immense action ahead, for everything will proceed according to divine order, including the disintegration and transformation of the old earth's surface.... From time to time spiritual beings, with an abundance of power and strength, liberate the spirits which are still bound in the most solid matter; they loosen the chains which the spiritual substance would never be able to burst by itself, and, in a manner of speaking, clear the way leading upwards.... It may change its external shape, making it easier to dissolve, so that the higher development of the spiritual substance, which was bound for an infinitely long period of time and has finally eased its opposition to God, can start. Such a process of activating strength by the beings of light happens wherever eruptions occur; they loosen chains where, according to God's will, it is time to do so. These forces give freedom and bind at the same time, because the entirely free spirits would destroy **everything** in their urge to be active and, according to God's wise judgment, only partial destructions may occur, as long as the final act of disintegration does not take place, at which time **everything** will be transformed according to God's will. But, for the time being, visible destructions will only happen where people are given a sign of divine power and strength.... for the time being these eruptions shall simultaneously signify God's calls of admonition and caution for the living, so that they will seriously become aware of their own task in life and strive towards ascent. Yet such manifestations of strength by the spiritual world will follow in ever shorter intervals until an immense divine intervention causes such powerful changes, that every person should be able to recognise the One Who is Lord over Heaven and Earth, over life and death.... After that it will only be a short time until a work of destruction ensues whose final consequences will no longer be witnessed by the human race, only by those whom God will fetch to Himself because they believe in Him and love Him.... because they had recognised their task on earth and tried to do justice to it. Then a new period of redemption will start, for untold spirits will have entered the path of higher development, the old order will have been established again, and peace will reign on earth for a long time to come.... until one day Satan gains influence again and uses his power once more, because people themselves concede to it.... Nevertheless, a long time in bliss and peace will pass by, and countless spiritual beings will reach their goal.... to become free from all matter and to enter the spiritual kingdom, where light and bliss exist forever. Amen

### Which forces trigger natural disasters?....

With every spiritual gift you receive the evidence of My love, for you shall not remain in darkness, you shall increase in light and strength, in realisation and strong will and live and work on earth accordingly. For every activity in blindness of spirit, in wrong thinking, is worthless for the soul, and since it is My will that your soul shall mature on earth your activity must have a purpose, which only the light of realisation can achieve. And thus time and again I will enlighten you where it is still dark in you. I will instruct you truthfully and repeatedly pour out My spirit over you as soon as you present Me the opened vessel so that I can fill it when your heart longs for My Words. You very often still shelter misguided thoughts, especially when you cannot let go of knowledge, of concepts, which did not come to you by way of the spirit, which cannot be called the 'working of the spirit' but which were intellectually acquired and possibly even combined with spiritual findings, on account of which you don't question its truth. But it is not pure truth and therefore you cannot attain complete clarification until you let go of this mental knowledge, until you are willing to abandon it, because only then will there be brightness in you which will illuminate every corner of your heart. Only someone who is in constant contact with Me will be able to understand that, he will therefore also instantly recognise when he is approached by error.... because this realisation is the result of his heartfelt contact with Me. And so every one of you, too, can become released from error through this heartfelt bond with Me. For I do not allow you to entertain erroneous thoughts and one way or another will convey the truth to you:

The creative process requires strength.... this will be obvious to all of you. Strength is My emanation of love which is accepted without resistance. Consequently, only a being which voluntarily opens itself to receive strength and therefore does not resist Me in any way which would render My every illumination of love ineffective, can be **creatively** active.... From this follows that the flow of My strength of love can only permeate beings which have joined Me already, which can no longer be counted amongst My adversary's followers, for they are still opposed to Me, otherwise they would no longer be his adherents. Hence these beings can neither participate in creating nor destroy creations because they lack all strength to do so.... precisely because they repel this strength of Mine through their opposition. However, I always speak of **beings**.... of self-aware spiritual beings, I speak of the once fallen original spirits which started their fall into the abyss as individual beings and which also have to return to Me again as individual beings. But the once fallen original spirits only became **self-aware again** in the human stage.... whereas prior to that.... as dissolved spiritual substances.... they were not self-aware. Only in a state of self-awareness can the being accept My strength of love of its own free will or even reject it again, and only in this state can it be creatively or destructively active. But now you humans can also observe destructions which cause you to make wrong assumptions.... These destructions or influences are accomplished by natural forces, by elemental forces, and are not, as you believe, a manifestation of the forces of darkness. First you need to be instructed as to what these natural forces basically are, to whose will and whose power they are subject.... You should know that I allow all spiritual substances a certain amount of freedom once they have made some progress in a state of compulsion and thus they can temporarily remain unconstrained, that is, if they had to leave their shell **prematurely** and have not yet entered a new form. In that case people will have intervened contrary to My lawful order and thereby so incensed the released spirits about the unlawfully interrupted process of development that they went on a rampage. And they are, in fact, entitled to do so, because premature liberation is no real freedom for the spiritual substance, in fact it is so painful that it wants to take revenge on the human race for having caused this pain. This becomes particularly apparent when the normal growth of botanical creations is shortened due to greed, to avarice, when human will destroys creations of nature which, according to My plan of Creation and Salvation, also serve their purpose and are therefore **unlawfully** prevented from fulfilling their intended purpose. The same also applies when useful earthly creations.... i.e. fashioned by human hand.... are wilfully destroyed, so that the bound spiritual substances therein are prematurely released.... Hence I do not prevent these spiritual substances from united elemental activity.... but I only allow it for a certain length of time in order to constrain them again for the purpose of further development....

However, huge manifestations of strength, as recognisable in natural disasters, need to be explained and assessed differently.... The degree of opposition of all spirits is known to Me, and therefore I also know when

it lessens, when the restraint of the bound substance in hard matter can be eased. These spiritual entities test their strength by joining forces in order to burst their chains. Since the opposition to the strength of love.... which hitherto encased it in form of matter.... has already become weaker the spirits' strength has become stronger to the same extent, and I do not stop these spirits from forcefully creating their next form for development **themselves**.... Consequently, I allow the still completely immature spiritual substance to release itself from its present state earlier, which happens in the form of more or less violent natural disasters, in eruptions, earthquakes, thus in such natural catastrophes which originate inside the earth and should therefore be regarded as manifestations of strength by the bound spiritual substances there. But this 'destructive' urge is by no means a sign of **increased** opposition towards Me and therefore My opposing spirit's activity or influence, instead it is merely the urge for another, easier form; admittedly, it is an unconscious urge but, as a result of reduced opposition, one which naturally arises in the spirits, which I do not prevent because these spirits will be bound again anyway for further development in order to come yet another step closer to Me. Even if it seems to you humans that My adversary's forces are at work.... he can neither change nor destroy My works of creation, so all such events must be assigned to My will and My might but they all have a spiritual purpose at the same time.... even if countless human lives fall prey to them. For even the spiritual substances which are still bound in the creations of earth are given the opportunity to continue their path of development. Terminating a person's life on earth also happens for a reason, My love and wisdom will truly not harm anything, so that whatever happens is beneficial for the **soul** of the individual person affected by it. What the human being regards as a misfortune need not be a disaster.... unless he loses faith and totally hands himself over to My opposing spirit's control. In that case, however, he had already been his follower and even then he can still change his will, precisely **because** it is **free**. But any **natural** activity resulting in devastation or destruction can only be caused by the spiritual substance which is either still banished in solid matter and tries to release itself or which was unlawfully released from softer forms and thus rages because its process of development was cut short.... However, spiritual beings working on My adversary's instruction will never be able to manifest themselves in such a destructive way, because these beings are self-aware and have no strength at their disposal for such activity. Earthly creations are certainly My adversary's domain because his followers are banished in them.... yet they are solely governed by **My** will and everything in a bound state is subject to My law.... Amen

### *Scientific experiments...*

B.D. 6081

#### **Success at the end of an earth-period.... Scientists....**

The end of a developmental period will always have come when people have left the divine order, in as much as they feel themselves entitled to intervene in God's plan of Creation because they don't believe in God as a creative power and deem themselves capable of controlling everything in existence themselves.... people certainly received the creative spirit as a birthright from God and can considerably increase this inheritance, with divine assistance they can also achieve the seemingly impossible and still remain within the divine order.... as long as they receive the strength for their creativity from God.... But they will instantly step out of this order if all their plans are purely worldly orientated....if they set themselves apart from God as the creative power and thus conduct their experiments purely rationally.... if they use the divine creation itself as test objects and thereby turn themselves into henchmen of God's adversary whose objective it is to destroy divine creations. At the end of an earth period the world is always full of earthly wisdom.... Science believes to have found the key to all fields and the spiritual path will only rarely have been taken, which God has indicated in order to attain the right knowledge.... Without Him, however, all paths are dangerous, without Him the results are doubtful and people more or less enter danger zones, because they are guided by the one who does not want progress but destruction.... who lets people believe that they are constructively active while they are digging their own graves.... and contribute towards the ruin of the old earth. For the apparently scientific progress is his work, the work of God's adversary, he impels people into extreme intellectual activity without divine support. They will harness natural forces yet in a different way than is intended by God's will.... They will leave the divine order and the consequences of this will reveal themselves.... God, however, has foreseen humanity's will and activity since the beginning and therefore keeps referring to what will come to pass time and again, for He knows when and where the consequences of human thought and activity will express themselves.... He informs people about their wrong thinking and wants to persuade them to entrust themselves to **that** power which stands **above** everything.... He wants to warn them of His adversary's influence.... He wants to advise them to remain within the divine order.... He considers those who acknowledge Him as God and Creator of eternity and enlightens them about Himself and His opposing power.... Amen

### **Experiments.... Work of destruction....**

Penetrating the core of the earth can only ever be permissible up to certain limits; once these limits are exceeded you will suffer the according consequences.... It will result in a work of destruction on such an enormous scale which is impossible for you humans to imagine because you will not survive such devastation but fall victim to these experiments at the same time. Human intellect studies and speculates and has already deeply penetrated the laws of nature. And these investigations could indeed be a blessing for fellow human beings were they conducted with the right attitude towards Me, so that it would be possible to direct the researchers' thoughts according to divine order. Yet this right attitude towards Me is usually missing, and individual people are often drowned out by researchers and scientists who are distant from Me and whose thinking can therefore also go astray.... Which, in the case of experiments on the intended scale, will result in awful consequences: they will no longer be able to control the laws of nature, they will draw the wrong conclusions, and they will conduct tests on the basis of incorrect calculations and thus trigger forces which they will no longer be able to keep in check. People only calculate with earthly figures, but not with spiritual problems which, in view of their ignorance of God, are impossible for them to solve. But the basis of everything is spiritual, earth exists for a spiritual reason, and the goal of people inhabiting it should be to rise above the earthly realm and become mature for the spiritual kingdom, but of whose existence researchers and those who deem themselves knowledgeable don't know very much or nothing at all or don't want to believe in.... However, My works of creation are nevertheless at the mercy of people's free will, and people will not be hindered from causing even the greatest extent of destruction.... Yet they will do this at their own detriment, insofar as that all living creations will lose their lives, be they human or animal, be they plants or other creations which contain bound spiritual substances for the purpose of higher development. And even if the latter is not believed, the lives of fellow human beings should nevertheless be taken into consideration....

Even so, people deem themselves intelligent and wise, they believe that they can also penetrate the laws of nature which so far had been unknown to them. They are conducting experiments which they will constantly expand until they trigger hitherto unknown forces with the inconceivable result of a total destruction of the Earth's surface, which no living being will survive, as has been predicted by seers and prophets since the start of this earth period. And I allow people's will its freedom; however, My eternal plan of Salvation is based on this will...

B.D. 7630, 23.6.1960

### **The final work of destruction....**

*The final work of destruction will be caused by people's own will, nevertheless, I shall not hamper this will.... firstly, because it is free and shall also have to justify itself, and secondly, because I based My plan of Salvation on this free will in a way that it will benefit the continued development of the spiritual beings.... I truly do not determine people's wrong inclinations and actions; I only let them have absolute freedom which they, however, misuse by interfering in the laws of nature, by experimenting with forces which they cannot fully control as yet and whose effects they therefore don't know. But it is their fault that they conduct experiments for the wrong reasons, that they are not motivated by thoughts of love to carry out their intentions.... And for this reason their guilt will have such terrible consequences.... For it will result in an act of destruction to which everything living in, on and above the earth will fall prey.... For although the planet as such will remain the entire surface of earth will nevertheless become changed, and that will also mean the destruction of all life and all works of creation on this earth which constrained spiritual substances. And thus, these spirits will receive their freedom for the time being, they will be able to escape from their form regardless of the degree of maturity they had reached. But they will not keep this freedom.... For they will have to continue their path of development and therefore will be placed into new forms. And in order to make it possible for the spiritual substances still bound in the creations to continue with their development I shall allow the wrong will of people who will cause this work of destruction, but the human race itself will perish as a result of this wrong will, for only My Own will survive the final destruction, and there will only be a few....*

*The majority of people, however, are already so distant from Me that their spiritual fate is already decided, for they have reached the lowest point which excludes further development on this earth.... On account of their profane state they will give rise to the end of the old earth, and thus it will come to pass as people want it themselves: everything will be changed yet only in line with My eternal law of order.... People will indeed initiate it, yet I Myself will determine or direct the consequences according to My eternal plan of Salvation, which was based on people's wrong will so that all wrong thinking shall nevertheless still yield right results.... For I will direct the consequences according to My will, admittedly it doesn't correspond to people's will but it serves the spirits' continued development. And that is My plan, of which I inform*

*you time and again so that each one of you can shape himself according to this plan while there is still time, for each one of you can still belong to those who will be saved at the end.... each person can still shape his nature such that he will belong to 'My Own'.... But he must believe and live a life of love, he must turn his will to Me, and I will accept him and grant him the strength to achieve the work of transformation on himself.... Then he need not fear the end either, regardless of how threatening world events seem to evolve.... I protect My Own in every adversity and danger, I help them in an earthly and spiritual way, for My Own shall become strong in faith and therefore noticeably experience My help.... And time and again I announce this to you humans so that you can prepare yourselves if only you are of good will to live in order to please Me.... For the end will come without fail because the time granted to you is over.... Amen*

...because I foresaw from the start that by that time people have reached such a low spiritual level it will necessitate a restoration of My eternal order again and thus I was able to base My plan of Salvation on it without enslaving people's will. For they themselves will be the architects of the end of this earth, they themselves will determine the date despite the preceding warnings and admonitions, despite the continuous references to their wrongdoing, as long as they are not in association with their God and Creator of eternity, Who then would also truly be able to guide their thoughts and intentions correctly without coercing their will. But people don't want to believe that they are approaching such a work of destruction of Earth, and they cannot be warned in any other way than through My Word, which is conveyed to them from above.... But if they incline their hearts towards Me of their own accord, they will also become enlightened and refrain by themselves from further experiments.... Yet there are only a few of them and they will be unable to assert themselves, even though they recognise the immense danger which threatens the human race.... But the majority will be opposed and won't let go of a plan which will result in the end of the earth. And because of their freedom of will they cannot and will not be stopped by My side because, according to My wise counsel, it will further countless beings' higher development again, because I know how to guide everything, even that which is bad, such that it will nevertheless still result in beneficial consequences and precisely this is My plan of Salvation which will therefore also be implemented according to My love and wisdom.... Amen

B.D. 7372b  
26.5.1959

**Experiments.... Work of destruction....**

I truly know what is beneficial for all the beings I once created.... I know how effective everything will be, and I can also direct the effect of everything such that it will only be good for the development of the spirits.... And so My adversary's truly satanic actions during the last days will merely result in the fact that most of his followers will be snatched from him again and bound into matter, thus they will be removed from him and his influence for an infinitely long time. He believes he has won the spirits over from Me and owns them again, nevertheless he will lose them and the spiritual substance will start its higher development once more. For My love will never end, time and again My love will create new possibilities for development in order to help the spirits' ascent. And My love will time and again also find new ways.... Even if the being in the state of free will, as a human being, very frequently conducts itself contrary to My eternal plan and endangers higher development.... I will repeatedly restore order again which is and remains divine law; but never to the detriment of the spirits and always with the goal of deifying the beings which are still very distant from this state. Therefore, regardless of what happens in this world.... My love and wisdom knows every outcome and will always steer it for the benefit of the spiritual beings, and the final goal will always be their salvation, their return to Me and the perfection of the souls.... The final goal will be the attainment of the original state, where the being, as an 'image of God', will be able to work and create with Me in beatitude.... Amen

### **Destruction of earth is the result of experiments....**

The final work of the earth's destruction will be triggered by you humans yourselves. And I will not stop you, because I also consider the spiritual substance which, as a result of this work of destruction, will be liberated from matter and able to continue its process of development in new forms on the new earth. You have been informed of this several times already and yet have little belief, for the whole event is simply unimaginable to you. Nevertheless, it is the conclusion of a period of development which will lead to a new period, so that the work of return can once again successfully proceed in lawful order, which was no longer evident before the destruction of the old earth. My adversary completes his last satanic work by influencing people to do something which he has no power to do himself: to destroy works of creation.... in the belief of thereby releasing the constrained spirits and taking control of them. He manipulates people and induces them to carry out all kinds of experiments which, however, will fail with devastating effect due to peoples' lack of knowledge. For people dare to experiment without having explored the outcome.... they will unleash forces they cannot control and consequently are doomed to die. And with them the creation work earth, too, will be subject to enormous destructions.... The entire earth's surface will totally change, all works of creation on earth will fall prey to destruction, the effects will penetrate to the core of the earth, and thus one can speak of a destruction of enormous proportions although people themselves will not be able to observe it, apart from the small flock which I will lead away from earth beforehand into a realm of peace.

I Myself would never allow such destruction if I would not thereby gain new opportunities of salvation for the still constrained spiritual substance, which has already languished for an infinitely long time in hardest matter.... Yet continued development would also be possible for this spiritual substance if people did not reverse the lawful order and always just lived up to their helpful task on earth.... But people no longer live within divine order, and therefore My adversary exerts great influence over them and impels them to start a process in the hope of gaining the return of the constrained spirits to him. And I will not stop him, since it still depends on every person's own free will to comply with My adversary's inducement.... Nevertheless, regardless of what people do, I will always know how to utilise the effects of their actions correctly. For even the world of darkness is subject to Me and My might, and it will have to serve Me while at the same time taking part in My work of return, if only unconsciously. But I have always known the direction of humanity's will and I was able to incorporate it in My plan of Salvation.... I know when the moment in time has come when spiritual progress can no longer be expected....

I also know when the time has come to liberate the constrained spiritual substances, and therefore will not prevent people's activity when they set an enormous work of destruction into motion due to their misguided will, which aims for My adversary, and thus people are his willing instruments. For he himself is unable to destroy any work of creation, he cannot dissolve any kind of matter and all power over the spirits has been taken away from him. This is why he tries to regain it, and people who belong to him contribute themselves towards the disintegration of matter.... at first through countless experiments which then take on proportions which matter can no longer withstand.... But I allow the spirits captivated therein to be set free, if only at the expense of humanity, which itself has reached a spiritual low that requires a new banishment into matter.... And irrespective of what My adversary and the people who belong to him will undertake.... in the final analysis it will nevertheless serve the progress of the spiritual substances again, which is meant to reach perfection one day. Therefore My plan of Salvation will surely be implemented, as it is proclaimed in Word and Scripture.... Amen

### **Irresponsible experiments are the reason for the destruction of earth....**

The divine world order cannot be revoked; nevertheless human determination can challenge it, but only to its own disadvantage. Laws exist which human intellect will never be able to ascertain, for they not only affect the natural properties of earth but also form the basis of continued existence for other creations, hence they are impenetrable for the human intellect and have to be accepted, that is, they must not be ignored if opposite laws are not to come into effect, which were likewise given by divine wisdom, thus intending to maintain the eternal order.

A certain degree of creativity is indeed granted to humanity, and research in all directions can likewise be embarked upon. However, as long as the human being is not yet in full possession of spiritual strength he is subject to limitations both in regards to knowledge as well as to the exploitation of earth forces which are always active and must be utilized in definite conformity to law, in some sort of orderliness. If this lawfulness is ignored, if these forces are activated contrary to law, then the effect will be disastrous and total destruction of all matter will be the inevitable result, which human will is unable to bring to a halt. For then other creations, other celestial bodies which interact with these forces, will exert an influence and thus will be affected. People will no longer be able to observe these effects as they, without exception, will fall victim to such destructions, apart from those already in possession of spiritual strength who will be taken away from the endangered vicinity of earth by God's will.

Such a process will take place and thus signify the end of this earth. Human will is arrogantly resolved in wanting to investigate forces and through experiments thus will activate forces with said enormously destructive effect.... For the motives for these investigations, which will result in this unimaginable outcome, are not honourable. Hence God will deny them the blessing which rests on activities that aim to benefit fellow human beings. Besides, they will be contravening divine natural law in so far as that they conduct experiments at the risk of human life, that they use human beings as test objects who have to sacrifice their lives. This is a sin against divine order, against the love for God and other people, as well as a sin against humanity which thereby is doomed for destruction. For the knowledge of those conducting such tests is far from sufficient and thus they will be undertaken prematurely which, however, is known beyond doubt. And such irresponsible experiments cannot be tolerated by God, hence they will have repercussions for the experimenters, who will achieve nothing else but total destruction of all material creations on earth, thus a shattering of matter which, however, in the spiritual sense means a disintegration of every form and a release of the spiritual substances bound therein. Thus people will trigger this final act of destruction on earth, and the whole of humanity will be destroyed due to the fact that craving for fame, excessive need for recognition and greed for material possessions are turning people into reckless speculators, who nevertheless are not ignorant of the fact that they will endanger their fellow human beings and still conduct their tests. Previously gained experiences will already have provided them with enough cautions and warnings in order to refrain from them, consequently their action is a sacrilege which God will not leave unpunished.... Amen

B.D. 4731

### **Experiments towards the end of the earth.... Activating forces....**

There is a set limit to how far people can go in their conduct towards what My creative spirit has brought forth. Thus, as soon as they presumptuously want to change natural creations, every one of which was given its purpose by Me, then people's attitude towards Me becomes irrational, they underestimate My wisdom and My might, believing themselves able to dismiss both and thereby sin against Me Myself as well as against what I have created. And then the limit I have set will be transgressed, and thus humanity will destroy itself, because their scholars will draw the wrong conclusions and the consequences of their experiments will be disastrous. People believe that they have the right to explore everything I kept hidden from them in recognition of their immaturity for such knowledge.... The earth in its core is and will remain inexplorable for people until the end. Furthermore, forces of gigantic power are kept bound by Me in the earth's core so as not to endanger the earth's continued existence, only that eruptions ensue from time to time to allow these powers a brief outburst in order to give spiritual substances capable of development the opportunity to take shape above the earth and thus start their path of ascent. These forces unleash themselves with My approval, and therefore their effects are intended in My eternal plan of Salvation.

The extent of an eruption will always be limited when it happens in accordance with My will, but human determination will never be able to stop it, human will can never be the cause of it since no-one is able to explore cause and effect. Yet in the last days people will presumptuously penetrate the earth deeply for reasons of research in order to release unfamiliar energies with the intention of utilizing them profitably, and won't consider the fact that they lack the knowledge and intellectual capacity for such experiments.

Hence they will have no respect for My works of creation, they will penetrate an area which is quite naturally closed to them and wanting to investigate it can be called an impertinence, from a purely earthly point of view. But from a spiritual point of view it will mean entering the territory of the lowest spirits whose banishment I recognised as necessary and which will then therefore be unlawfully invalidated by people, that is why revoking My eternal order will have unimaginable consequences.

Their manipulations will aim to utilise earth forces against which every resistance gives way, and which therefore can be used for all experiments. But people won't consider that these forces are capable of disintegrating **everything** within their reach.... they won't take account of their power against which human will and intellect are futile. They will open locks which can never be closed again once they have been breached, for the area people want to enter is unfamiliar to them and they don't know its laws.... The earth's core cannot be researched in this way and every such attempt will backfire, not just on the researchers but on the whole human race.... For the limits I have set may not be exceeded according to My eternal order, which always favours progress but never destruction, and thus its infringement also has to have the opposite effect!

Satan himself will put these thoughts into the people of the last days, he will urge them to undertake this plan, for he knows that the destruction of creation will end the spirits' progress, which is his endeavour in his blind hatred against Me and all spirits striving towards Me. Yet even this plan, albeit evil, will be an inadvertent service.... he will fall in with My eternal plan of Salvation.... A new earth will arise where the development will continue, whereas everything satanic will once again be banished into its creations.... Amen

B.D. 3950  
2.1.1947

### **Reason and forces of earth's disintegration.... (Nuclear energy)...**

All conditions for the creation of a new earth have to be in place before the old earth will be disintegrated, that is, before a total change of its outer shape can take place. The earth effectively has to go through a disintegration process which releases all spiritual substances bound therein so that they can take on new forms in creations which enable their continued development. Thus the process of final devastation has to be so powerful that one can speak of a total disintegration of matter. This cannot just apply to individual stretches of land, but eruptions have to take place within the earth's core which will spread into all directions, so that the whole of the earth's surface will be affected, that therefore nothing will remain of what previously existed but that everything will be dissolved into their smallest components.

And this will be caused by people themselves.... they will become embroiled in a scientific area which is beyond their intellectual capacity. They don't know the natural laws and their effects to enable their investigation of such an area and thus they will activate forces which they themselves will be unable to control. However, I will not stop them, for even this human will underlies My eternal plan of Salvation, because the period of time the souls were granted for their salvation will then also have expired.

Thus the process of the final destruction will indeed be triggered by human will, yet it also corresponds to My will in so far as that it will guarantee an assured progress for the spirits which are still bound in hard forms and long to become active, or I could let the experiments fail in order to divert people's plans. Hence the tests will take place locally yet they will have no boundary because the released power can no longer be stemmed and thus its elementary effect will spread into all directions. For the earth is a limited region, whereas the activated force knows no boundary and everything affected by it will fall prey to it.

The consequences of this process are not conceivable to you humans, besides, it will happen within a space of time which will rob you of all thoughts, unless you belong to the small flock of My Own who observe the last work of destruction, because it is My will that they shall witness the end of this earth. But you can get a faint idea if you imagine an explosion taking place which leaves nothing that is assembled in existence, which thus totally destroys everything and dissolves it into smallest atoms. Yet preceding this process, which only takes a few moments, are tremors and outbreaks of fire which completely suffice to throw people into utter panic because they are facing certain death. And now it can also be understood that nothing can stay behind, that no creation will continue to exist, but that only matter dissolved into smallest atoms will remain which will be shaped again by My will and My might into unimaginable creations in which the spirits' process of development will continue.

And again there will be creations in various degrees of solidity, yet the hardest matter will shelter the spiritual essence which had populated the old earth and completely ignored its spiritual development. For these souls cannot expect a continued development in the spiritual kingdom, they will have to take the path through the whole of creation again, and thus will begin a new era of development as soon as the time is fulfilled, as soon as human will insistently wants to release forces which require a different degree of spiritual maturity than the people at the end of this period of Salvation possess, and who therefore will never express themselves constructively but only destructively.... Amen

## *Earth's transformation.....*

B.D. 8304  
20.10.1962

### **Destruction of Earth....**

One thing is certain, My Word is and will remain truth and you humans need not doubt that which has originated from Me. Since the time is constantly coming closer which concludes one period of Salvation so that a new one can begin, the clarifications will also be given to you increasingly less veiled, and shortly before the end I will initiate you into My eternal plan of Salvation and inform you about things which have so far remained concealed to you because this knowledge was not necessary for the salvation of your souls. But now the time has come when My plan of Salvation will be implemented as far as it concerns the transformation of earth, which has become unsuitable as a place of education for the spiritual beings and which therefore has to be restored so that it will be able to fulfil its purpose again. You must bear in mind that My love also applies to the spiritual substance which is still bound in the works of creation and that I also want to give new forms to this spiritual substance in order to facilitate its higher development. For these bound spirits have already languished for an infinitely long time in the hard matter which makes up the earth, i.e. all creations on it.... And this hard matter as well as the bound spirits within the earth must one day be dissolved, respectively released, so as to be able to enter new forms, and therefore the work of destruction will be on a humanly incomprehensible scale; consequently a total disintegration of all earthly creations can be spoken of, although it should be borne in mind that the material building blocks will remain but effectively unconstrained until I shape them into forms again to serve the spirits as a cover once more.... Thus the creation work Earth **will not cease to exist**, because all that which was dissolved shall be held and shaped into new forms again by My will, on account of which one can speak of a new earth.... Concluding this period of Salvation is an act of greatest mercy for all spiritual beings on earth and those bound in the works of creation, which signifies a complete transformation but not the disappearance of the planet Earth....

However, this transformation will only be recognisable on the earth's surface, because people would be unable to detect or follow the process of the inner change even if they were able to consciously observe the transformation. But the latter will not be the case, for it will be the work of an instant, because all the conditions already exist to animate the new creations with the spiritual substance which has reached the appropriate degree of maturity; for all these tiny particles are present and need only be placed into external forms again which are beneficial for them.

*B.D. 8440, 16.3.1963*

### **Creation of the new earth in a moment of time....**

*It is possible for Me to create all things in a moment of time, for it just takes a thought which My will and My strength externalise as My work.... However, when I work visibly to human eyes.... which is demonstrated by every work of creation surrounding you.... everything takes place within the framework of lawful order, so that you humans will be able to understand the processes of creation and therein recognise My love, wisdom and might.... For I have placed the same ability into you.... if only to a minimal degree.... which also enables you to create and shape and which also requires a certain length of time, because the state of imperfection which you humans still experience on earth also subjects you to the law of time and space, which does not apply to the perfect being, since then limitations of time and space no longer exist.... My reign and activity is always proportionate to the state of maturity of the spiritual being which is affected by it.... but it does not exclude that I have unlimited power at My disposal in order to externalise everything in an instant, because I have no need of time since I exist **beyond** the laws of time and space.*

*When the **emergence** of creation took place I intended it to have the purpose of giving the fallen spirits the means to gradually mature, to gradually travel the path from the abyss, to create ever new opportunities for it to be of service in some form or other.... Thus the development plan of every creation was always guided by My will, so that ever larger creations with ever newer intended purposes emerged.... so that gradually a higher development occurred.... Consequently, this emergence of creation required a certain length of time, for precisely this very time was intended to achieve the developmental ascent.... For the fall had been infinitely abysmal, and the same distance has to be travelled in order to return, so that everything will move within the lawful order that is required by everything perfect.*

*But if, at the end of a period of Salvation, a work of creation is transformed by My will in order to create new opportunities of higher development, then new works of creation can emerge again which are called by Me into being in an instant.... For this, too, is intended in My eternal plan of Salvation **without** revoking the law of eternal order by doing so.... because spiritual substances of **all degrees of maturity** on the path of return are already present precisely because of the spirits' earlier infinitely long developmental path on the old earth....*

*Everything is present and will only be transformed, be it hard matter or already lighter forms in the plant and animal world.... Everything will be set free by the violent destruction, however, in its state of immaturity it cannot keep its freedom but has to be placed into material forms again which correspond to its present state of maturity.... And time and again even as yet still hardened spiritual substances will be able to start their path of development in the innermost part of the earth, which will also find themselves in complete turmoil and release spiritual substances and in turn provide room for the former spirits.... if one can speak in this case of room at all.... But all works of creation are in effect present to accept the lowest fallen spiritual substance which starts its path of development. It will, after all, require an infinitely long time again until one day it will reach the surface of the earth in order to progress further....*

*So, although the work of transformation on this earth is the work of a moment, everything will nevertheless progress in lawful order.... And because such a work of a moment's time cannot take place before people's eyes, because they have not yet achieved the highest degree of perfection and are unable to grasp such expression of My might and strength, the people who remain faithful to Me will be carried away at the end.... They will in fact observe the work of destruction because I will open their eyes to it, but they will not see the emergence of the new earth.... All concept of time will be taken from them until they are led to the new earth, until they are allowed to behold the completed new creation in all its glory and take possession of it.... And it is indeed irrelevant how much time it takes for the new earth to emerge, but since I Am revealing My eternal plan of Salvation to you humans I also inform you that I don't require time, for My will is able to externalise every one of My thoughts in an instant as a creation, and My love and wisdom also recognise what is beneficial and suitable for the final return of the spirits which once voluntarily deserted Me....*

*Only a small proportion of people will ever be spiritually enlightened and able to comprehend these explanations of Mine, but I want to grant them an insight into the secrets of creation in order to arouse their love for Me ever more ardently, for especially My plan of Salvation is most pleasing for all beings, since it reveals My love, wisdom and might, and anyone who already gains this realisation on earth can truly be called blessed, for he is close to perfection, he is close to his final return to Me, his God and Creator of eternity, Who has revealed Himself as Father and Whose love is never-ending.... Amen*

...All the same, you humans cannot possibly imagine this final work of destruction, although you yourselves give rise to it through your anti-divine experiments to penetrate the earth's interior in order to avail yourself of forces which you cannot control as yet and whose ramifications you don't know.... But neither will I stop you since the time I designated for the past period of Salvation has also come to an end.... Yet time and again I emphasise the fact that I will leave nothing in the old state and that no living being will survive, and that I will also give the still constrained spirits their temporary freedom, which therefore implies that even the hardest matter must one day release the spiritual substance and for this purpose has to be dissolved too, in order to harden anew and to shelter spirits again, as is My will.... Since matter itself is only spiritual substance at the start of its development it can therefore not cease to exist either, and therefore the creation work 'Earth' will not **vanish** but only be transformed, and you can believe these Words even if the whole process of the end of the old earth is still incomprehensible for you.... However, everything is possible for Me and everything is based on My infinite love.... If you therefore only regard My work of destruction as an act of cruelty on My part you are still far removed from the right realisation.... Yet you only ever want to see humanity's destiny and fail to take the spirits bound in hard matter into account for whom the moment of liberation from their present form also has to come one day, so that their higher development can also take place according to My plan of eternity.... And because this end is constantly coming closer I Am informing you of My plan of Salvation, so that you will not belong to those who forfeit the blessings of existing as a human being on earth and run the risk of being banished into the creations again.... And I truly instruct you in all truth yet it will only be accepted by the person who wants to know the truth and has the sincere will to reach his goal on this earth.... Amen

### **Total disintegration of Earth.... Spiritualisation....**

A total disintegration of Earth is not yet intended, but the total transformation of the earth's surface, which certainly also amounts to complete destruction because nothing of substance will be spared since every form will be dissolved in order to release the inherent spiritual substance for the purpose of entering new forms. The complete disintegration of Earth amounts to a spiritualisation, and this moment in time has not arrived as yet, because the earth still serves the imperfect spirits as a place to attain maturity.... As long as spirits in need of attaining maturity still require earthly creations the earth will also remain a material world, yet constantly recurring transformations will be unavoidable, depending on the souls' state of maturity which are meant to reach perfection on earth. For the earth, however, the moment of its **end** will always come when such a transformation takes place, for then a new developmental era will start for all spirits, be they embodied in the human being or bound in a solid shell, because to a certain extent the different phases also require different possibilities and those promising to be most successful will repeatedly be created again by God's great love and wisdom. People lack the knowledge about the individual phases of development, especially during the last days before the end of every era because people's low spiritual level.... caused by their lack of love.... also signifies ignorance as well as complete incomprehension for such offered information. They liken the end to a total disintegration of earthly-material worlds.... Yet this time is not foreseeable for eternities; every individual phase, however, lasts a certain length of time which starts with the emergence of the most manifold works of creations and ends with their destruction.... which commences with spiritually highly evolved people and comes to its end again with truly diabolical ones....

**One** phase of development would never accomplish the spiritualisation of **all** spiritual beings, for as long as earthly-material creations exist, as long as the earth still shelters creations, apart from the human being, which are inferior to him, such as animals, plants and spirits bound in solid matter, it cannot be **totally** dissolved, because these spiritual substances must time and again be given the possibility to reach maturity and to leave their present form, which in itself already necessitates new phases once the advancement has come to a standstill. For at the end of every period of Salvation a spiritualisation of people can no longer be noticed, and such failure or non-observance of the true purpose of existence on earth has to be redressed.... these spiritual beings must also be shown a new way, because with God there is no surrender of that which belonged and continues to belong to Him but which must also become the same again as it originated from God.... For even if it inexorably strives towards the abyss He will not leave it in this depth but time and again He will find means and ways to lead it back up to the light. Thus He will never stop this higher development until even the last of the once fallen spirits has found its way back to the Father.... And yet there will always be an 'end' again.... an end of every individual phase of specific duration which God granted the spiritual beings but which will also come to an end one day. And this is why you humans cannot carelessly speak of an end of the **world**, which has to be understood as a complete transience of God's creation but you should only look at it as a transformation which, however, will be so extensive and inclusive that it is inconceivable to you as human beings and can also only be experienced and observed by God's few loyal followers who will subsequently testify to God's might and glory on the new earth.... You humans are approaching such an end even if it appears doubtful to you and your mind wants to reject it.... But also remember the still bound spiritual substances, remember all the creations below you and ask yourselves how these spiritual beings shall attain redemption unless opportunities are created for them time and again. More so, remember the people who totally distanced themselves from God and, after all, cannot live forever on earth.... Then you will understand that God's love, being full of mercy, tends to all that which is unredeemed and that an apparent work of destruction is an act of profound mercy, because the succeeding new creations will offer the lowest fallen spirits the path of higher development again which can still lead to God one day, if only after an infinitely long time.... Amen

### **A renewal of earth must come....**

Earth will have to be renewed if the higher development of the spiritual beings is to progress; all works of creation will have to release the spirits so that they can continue their development within new forms, as this is the purpose of the work of creation called 'earth'.... For it does not just concern you humans who voluntarily ought to reach your final goal on earth but fail to do so.... it also concerns the spiritual substance bound within the form which has not yet been able to arrive at the possibility of being of service and to which the path of service shall be opened. As long as you humans do not know the meaning and purpose of creation, you will not consider the possibility of an impending transformation of the earth's surface either. And yet it is about to happen and may only be experienced by people who have fulfilled the purpose of their earthly life, who have matured fully and therefore will populate the new earth.... Hence they also know God's plan of Salvation, they believe that they live in the last days and expect the end and with it the coming of the Lord, as it is proclaimed in Word and Scripture. But there are only few of them....

People's low spiritual level is so obvious that the time has come when a change must happen again.... when all spirits have to be placed into forms which correspond to their state of maturity.... And thus the human being, having completely failed, will also have to be banished into hard matter again and start a new process of development; whereas the spiritual being bound within matter may occupy increasingly softer forms until it reaches the stage one day when it can take the path across earth as a human being for his last decision of will. The fact that people will experience this harsh fate of a new banishment is the result of their free will, for they no longer have any spiritual aspirations on earth, they are totally attached to matter and will therefore become what they aspired to in this earthly life. Nevertheless, they have been sufficiently admonished and warned, during their earthly life they have been informed of the purpose of earthly life, and no person will be able to say that he had absolutely no knowledge of it. The fact that he, of his own free will, had rejected everything that could have increased his maturity is his own fault which he consequently will also have to pay for. A continuation of the old earth, however, would never ensure that these people would change; they would only ever descend further and also prevent the spirits within the form from progressing further. But who will believe this if he is informed of it?

As soon as people no longer believe in God, in a continuation of life after death, in a responsibility on their part, the said low spiritual level will have been reached which necessitates the end, the dissolution of earthly creations. For in that case people's existence on earth would be pointless, the blessing of an embodiment as a human being would no longer be made use of, the earth will have ceased to be a place of education for the spiritual beings and a total transformation will have to happen to put an end to this unspiritual state of affairs. And you humans will shortly face this transformation, you will shortly face a spiritual and earthly turning point, for the time which was granted to you for the maturing of your souls has come to an end. Until the end you will be warned and admonished, until the end you will be instructed about the purpose of your existence, you will receive the knowledge of God's plan of Salvation, of His infinite love for all His living creations and of the possibility and help on His part to become blessed before the end arrives.... However, you have to accept all this of your own free will, you have to seriously want to fulfil the purpose of your human existence.... you have to acknowledge a God above yourselves and appeal to Him for mercy.... And truly, you will still be saved in the last hour, otherwise the Judgment will take effect on you, otherwise you will get what you are striving for.... you will turn into matter again which had kept you tied to the earth so that you didn't take the path of ascent and therefore will end up in the abyss again.... Amen

### **Spiritual low level is the reason for the disintegration....**

A considerable spiritual decline is noticeable, for people pay little attention to events which happen on the spiritual level.... They just observe worldly events and the effects of these on their physical life, they merely entertain earthly thoughts and have no contact whatsoever with the spiritual world. Rarely, if ever, are their thoughts directed towards the kingdom that is not of this world.... They only believe what they can see and doubt all spiritual happenings. They don't believe in Me or they would try to make contact with Me, their God and Creator of eternity.... They consider everything spiritual as unreal and thus don't investigate it, and if they get drawn into conversations about Me by their fellow human beings they don't want to know and even frankly admit their disbelief. They have no spiritual links because they are held captive by earthly matter and thus by My adversary, to whom they belong and from whom they do not intend to dissociate either.

Hence the considerably low spiritual level, which is the reason for the end of the old earth, the end of a period of Salvation, which requires the disintegration of the earthly creation. For the earth shall be a place of education for the soul which lives on earth embodied as a human being. But the **spirit** within the human being is no longer taken notice of, the human being considers his earthly life an end in itself and no longer does justice to his actual task, he does not comply with his task on earth. He ignores the spiritual development of his soul.... He lives in complete ignorance of his earthly task and will never gain any knowledge of it either since he refuses to be informed of it. He rejects every explanation or instruction given to him by faithful people and cannot be forced into realisation because this contradicts My love and wisdom....

And therefore I will use other methods before the end in order to motivate the few, who are not entirely enslaved by My adversary, to make them think .... These methods will, in fact, be very painful because people have to be severely affected by fate in order to come to their senses and take the path to Me. For they will get into serious difficulties in which they can no longer expect earthly help.... And then it will be possible that they will remember the Power Which had created them.... Then it will be possible that they will call to this Power from the bottom of their heart .... And then I will truly hear their call and also answer their prayer, and I will reveal Myself to them through obvious help, through saving them from their adversity. Yet I will take no notice of words merely voiced by the lips.... However, a heartfelt prayer, a prayer in spirit and in truth will be granted by Me, because I still want to gain every soul before the end so that it will not go astray again for an infinitely long time....

People's spiritual decline is the cause for considerable and harsh strokes of fate which still have to befall humanity in order to change their thoughts, as far as this is at all possible. The fleeting nature of earthly possession will still bring many a person to his senses and prompt him to seriously consider the state of his soul. Yet their will shall always remain free, and they have to take the path to Me entirely uninfluenced.... But their deliverance is guaranteed if they take this path, for it only concerns their soul's salvation and not their physical well-being....

It only concerns their acknowledgement of **Me**, that they **believe** in **Me**, which they should demonstrate by their appeal to Me in spirit and in truth.... And they will be saved from ruin, they will be seized by My loving Fatherly hand and wrested from My adversary's clutches, who has no authority over people's free will and shall lose his claim on this soul. And every human being will truly be blessed who still professes Me before the end.... who takes refuge with Me in his adversity and then allows himself to be seized by My love. For I will not let him fall, and he will thank Me eternally that I have fought for his soul until the end, that My love left no stone unturned in order to win it forever.... Amen

### Reason for the work of transformation....

You will find it increasingly more understandable that a tremendous change will have to happen, which will involve people's spiritual as well as their earthly life.... For the state they have reached can only be improved by a massive intervention, and although this will take place in an earthly way it will also result in a spiritual change.... For everything has become disorderly, people's spiritual development has come to a standstill and in many cases even a decline can be noticed, hence the earth is barely fulfilling its purpose anymore and needs to go through a transformation.... lawful order has to be restored again, all spiritual substances must be allocated the place which corresponds to their degree of maturity or development. And people must especially integrate themselves into the right order again if they are to reach the goal one day: to become perfect according to their purpose.... Were you humans able to have an overview of the spiritual as well as the earthly chaos which presently prevails on earth, you, too, would realise that the only way out is a huge change, yet for the most part you are spiritually unenlightened and have no idea about your actual purpose of existence. This is already part of the low spiritual level, for you do nothing to obtain a little light as to why you live on earth. And you also reject your fellow human beings when they want to enlighten you of it. Everything has become disorderly because people's free will itself revokes the order, with the result that all still developing spiritual substances are unable to make progress, since people prevent their being of service and yet they can only advance by way of being of service.... Therefore divine order has to be restored again one day, and everything must fit in with this law.... People must voluntarily live in divine order, then they will also help the spiritual substances still bound within the works of creation to fulfil their serving function, they will be used appropriately and thereby slowly ascend too. Anyone who is spiritually enlightened, who, through a life of love, has awakened the spirit within him to life, will recognise the urgent situation and will also fully understand the work of transformation, which will shortly be carried out on earth, for he knows that there is no other way out, he knows that all spirits are in the midst of a process of return, that this has come to a halt and that something urgently needs to happen so that this process can continue with promising results.

The time granted for the spiritual beings' development has come to an end, and thus all that which failed when it reached the state of free will must start the process of development again according to its degree of maturity, whereas the still bound spiritual substance will enter into new forms, also in line with its degree of maturity. This, therefore, necessitates a total transformation of Earth, the termination of all life, the dissolution of all external covers which still held the spiritual beings captive, and a complete redevelopment, the emergence of new creations. And this new work of creation will also be inhabited by people again who had reached full maturity on the old earth, who had remained faithful to their God and Creator even during their worst temptations through God's adversary, who remained faithful to Him until the end.... until they were lifted away in order to be returned to Earth again as the root of a new human race.... You humans are facing this enormous transformation, and you are told time and again to prepare yourselves for it.... so that you will not belong to those whose fate will be a renewed banishment into the creations of the earth.... And if you only have a glimmer of faith in a God and Creator, then pray to Him that He may save you from this fate, and He will truly grant your prayer.... If you are **unable** to believe, that is, if you are not **convinced** of an end, then at least take the possibility into account and live your life on earth accordingly, for the time which is still granted to you until the end will pass by quickly and you should and still can use this time well if only you didn't reject the thoughts in you which keep reminding you of that which is proclaimed to you through your fellow human beings.... Live as if the next day would be your last, and truly, you will not get lost.... And only pay attention to what is happening in the world and around you, and you yourselves will realise that the only successful solution is for everything to be replaced.... that a new Earth has to be created, so that the spiritual development can be continued again with a favourable outcome.... Amen

### **The transformation work of Earth....**

In My plan of eternity the day is determined which signifies the end of this earth, which both earthly as well as spiritually entails a total change. And My plan will irrevocably be carried out, for I foresaw humanity's low spiritual level from the start, and thus the plan of Salvation is devised such that it will time and again include new developmental eras, as My love and wisdom foresaw this to be good for the spiritual beings which are intended to advance in their maturity.... Thus one developmental period comes to an end and a new one will start again.... The end of the earth can never **purely** be regarded as a work of destruction. It also must be realised that the still bound spiritual substances also need help to continue their development and that therefore the creation of a new earth has become necessary, which first requires the disintegration of the old works of creation on earth. But I will not let anything come upon humanity without announcing it in advance so that they can prepare themselves for it, so that they can still do what it takes in order to avoid the dreadful fate of a new banishment, which will meet those people who fail, who exist without faith in Me and who therefore have not used their life on earth to liberate themselves. Time after time I announce the end to people, and again and again I point out the signs which reveal the last days.... time after time I warn those people who carelessly and thoughtlessly live from day to day and through seers and prophets refer them to the near Judgment, for the day of the end was set from the start because I foresaw that a spiritual change for the better will not happen anymore and because people's low spiritual level requires an end.

And thus all references, all prophecies, concerning a near end should only ever be considered to be loving gestures of admonition and warning by which your God and Creator would still like to save you before it is too late.... I truly don't want your downfall, I want you to live forever and still obtain this life on earth. But you don't take any notice of what I let you know and have predicted since the beginning of the epoch.... You transfer all these announcements into the future and don't take into account that one day even the future will become the present.... And the time has come when My Word is fulfilling itself, when My plan of Salvation is being carried out.... And no matter how much you doubt when the near end is announced to you.... it will take you by surprise because the time has come to an end. Even if a thousand years are like a day before Me.... this day will also come to an end, just as the thousand years will pass by, and you are standing at the verge.... It is you who will experience the end if I don't recall one or the other of you prematurely for their own sake.... You should always bear the near end in mind, you should live as if every day is your last, as if you will have to justify yourselves the next day. And you will truly do well by turning your thoughts heavenwards, by considering the spiritual life more than the earthly one.... for then you will not need to dread an end either, you will calmly look ahead to whatever approaches you. But you will also believe that the end of this earth has come.... You will recognise the signs of the time and appeal to Me for strength.... and you will certainly be saved from ruin.... Amen

## *Unbelief in an End...*

### **2 Peter 3:10....**

The day of the Lord will come as a thief in the night.... the day when I will reveal Myself to humanity with a voice of thunder which will be heard by everyone and which no human being will be able to avoid.... For sooner or later the act of transforming the earth will have to take place, sooner or later order must be established once again; the earth must again become a place of education for the souls which should mature fully and reach perfection. And this day has been planned for eternity, My plan is based on the fact that a transformation like that will occur one day because the human race itself will provide the reason for it.... which was certainly recognised by My wisdom.... And thus My power will also implement the plan and you can expect this day with certainty.... it will bring one period of Salvation to an end and a new one will start, as it is proclaimed in Word and Scripture.... Time and again I point this out to you, but since you humans don't believe, since you don't take My Words seriously, it will take you by surprise, for even if My adversary reigns on Earth in the last days, even if he brings people so completely under his control that they lose all faith and in the end are true devils which oppress My Own and cause them utmost distress, they will nevertheless be equally horrified when My Own are lifted up before their eyes and they realise that they cannot be saved anymore, that they will fall prey to an act of destruction themselves, that there is no way out anymore and that the earth will devour them.... For there is no other way to purify the earth; all living creations will have to be dissolved and the spiritual substances within be placed into new forms.... a comprehensive cleansing work has to take place so as to re-establish order, which will also guarantee progression for the spiritual beings and which will completely exclude My adversary's activity for a period of time, on account of which he and his followers will be constrained for a long time.

This day of the end is proclaimed to you humans over and over again, yet only a few believe in it and even these few have no idea how close it is.... yet I will repeat My admonitions and warnings until the end, until the end I will address everyone and draw your attention to it, and until the end every one of you will still have the opportunity to avoid the horror of this end.... And therefore don't pity those who leave you, whom I take from this life prematurely.... don't pity them, for their fate is better than yours who live until the end and don't believe.... They still have the opportunity to attain light in the beyond, but the former continue to descend ever deeper, for I know that they would also choose the path to the abyss in the kingdom of the beyond, that they would not make use of the blessings of an early death; after all, I know the state of every soul and accordingly also shape its earthly destiny. And even if it is difficult to believe in an end of this earth, people will nevertheless have no excuse for they should only live righteously, then their end will not result in their banishment into hard matter, then they will either belong to My Own, whom I will return to the new earth, or they will still be recalled before and then they will not go astray either.... But it is better that they prepare themselves for an approaching end, that they take the possibility into account of being suddenly faced by an act of destruction from which there will be no more escape.... Anyone who reflects on these thoughts just once will certainly also find the path to Me, to the Creator of heaven and earth, Who brought everything forth from Him and therefore can also destroy everything again.... And I would like to rescue all of you from ruin; consequently I will bring the final work of destruction on earth home to you time and again .... And anyone who believes will not have to fear this day either, for he will prepare himself, and even if he is still weak and not perfect, he will nevertheless find a merciful Judge Who will not condemn him but help him attain eternal life.... Amen

**Messages concerning the continuation of Earth are more likely to be believed....**

You will only be able to work within a small circle at first, for the world is still far stronger than you and will push you aside if you want to come to the forefront. The will to live is too strong, to live the life which will not last forever and which only consists of worldly joys. And wherever this will predominates you cannot prevail, even if you possess the purest truth. No-one wants to get used to the idea that the earth is facing its end, that such powerful upheaval will take place on it which will also destroy all life on Earth.... And therefore they will be more receptive to messages promising a continuation of Earth, and this explains why messages which completely contradict My Word conveyed to you from above are being believed, because people look for and find hope and the assurance in these messages that their life will **not** suddenly come to an end.... They will always more willingly allow themselves to be impressed by **those** messages than by the admonitions and warnings **you** proclaim to them. This is why the bringers of those messages will meet with far more approval and you will not be listened to but more likely be treated aggressively. And thus you should only ever work for Me to the extent I Myself enable you to do so and never think that you should have to come to the fore in the world. The world is and will remain My adversary's realm, and anyone who finds appreciation and acclaim in this world also works on behalf of the world and thus for My adversary.

You have to accept that only a small circle will ever choose Me and My kingdom.... and that everything great in the world is adverse activity. Admittedly, My Word conveyed to you by Me shall be spread, and I bless those who support this work; and My blessing will also rest on your spiritual activity, so that the hearts of willing people will feel affected and thus spiritual success will also be achieved. But you will never be able to accomplish this mission on a large scale, for the adversary can only too easily slip in where the **masses** are being approached.... they will never be like-minded where it concerns the receipt of the pure truth.... but they will usually agree if worldly-favourable aspects are offered to them. And humanity does see the direction it is heading to, it also recognises the great danger of scientific experiments but it tries to allay itself, it believes that it will be helped through countermeasures of unknown powers because this is what it wants.... And by doing so it can't see clearly anymore, it allows itself to be misled and thus gets caught up in the nets of lies by the one who wants anything apart from that a light should shine for humanity to find and take the way to Me. Yet you shall illuminate the darkness with the light that shines down to earth from above.... Regardless of people's disapproval you shall time and again proclaim the near end and the preceding last warning sign, you shall be diligent and use every opportunity to spread My Word, but you shall work in seclusion, because in public you will have little success. However, Jesus Christ's act of Salvation shall be mentioned wherever the opportunity is offered to you, for **all** people can be informed of this, even the people of the world who no longer pay attention to Him, because they know of Him and will only ever hear an old truth which can affect their conscience, which can also motivate them to form their own opinion one day. And the **will** to know the truth will then also make their hearts **receptive** to My Word before the end comes.... Amen
